### PRESIDENT'S REPORT

#### "In Praise of Tutors"

When I was young my mum used to read to us from a little poetry anthology titled "In Praise of Love". I want to call this piece "In Praise of Tutors" but don't worry, I won't burst into verse.

U3A tutors deserve to be praised. Although tutors share many of the attributes of angels, they are in fact mere mortals who generously share their knowledge and interest in their chosen topic. They undertake all the mundane but necessary extras as well. They communicate with students prior to class, ensure attendance sheets are up to date and COVID compliance requirements are met, and have all undertaken COVID marshal training. They are

responsible for setting up the tables, chairs and technology for classes, and often use their own supplies and equipment.

They often spend hours beforehand in class preparation and give freely of their time during classes/sessions. They try to ensure that what they are offering to their students is interesting and of high quality, sometimes at great personal cost. I know of one tutor who spent the whole night awake worrying that the technology for her Birds presentation might not work – and it didn't...

U3A management has considered purchasing halos for all our tutors so that members can offer suitable homage but the tutors declined the offer.

On a more serious note, our tutors underpin everything U3A is about. Without them we would have nothing to offer! Remember always they are volunteers and we can all do some small things to make their job easier:

- Read the emails they send. I repeat, read the emails. Not just the title and the last line.
- Let them know by text or phone or email if you can't attend their session.
- Keep the tutor's phone number in your phone contacts so you can text them if necessary.
- Help with the room set-up and packing up.
- Let them know that they are appreciated.
- However, you do not need to bow as they enter the room.

We are always looking for more angels to put up their hands and offer to lead a session or a group.

If you are considering becoming a tutor in an area which interests you, it's OK, the wearing of a halo is not compulsory.

From all on the management committee, a huge thank you to all our tutors and group leaders. We recognise your worth and deeply appreciate the skills and dedication you bring to U3A Inner North.

**Reminder:** Don't forget our Social Event on Thursday 15 July, 10am-12pm! It is an opportunity for tutors and members to socialise over coffee and cake, and get some hands on assistance with any issues they may have with online facilities.

Pauline Kemp

## FOCUS ON PROGRAMS

### Out and About in Port Adelaide

Top 4 photos: Out and About in Port Adelaide 17 May

Left and below: Out and About in Port Adelaide 24 May

The weather was kind to us on both tours of historic Port Adelaide. Walking provided the opportunity to truly appreciate why parts of Port Adelaide are heritage listed. The architecture of many of the buildings is quite remarkable. These include Colonial, Victorian, Gothic and Italianate buildings as well as a few non-heritage listed Art Deco buildings.

Whilst walking around the streets we could get a sense of historic Port Adelaide as the State's major port in its day. Other associated businesses such as customs, stevedoring, banking and finance and of course the many hotels to quench the thirst of the hard workers, added to that history. Sadly, we also saw buildings in need of repair and hope the changes and redevelopment that are slowly occurring will again see Port Adelaide become the popular place it should be.

### Table Tennis on Wednesdays

On Wednesday mornings in the stadium space at ECC, a small group of enthusiastic table tennis players prepare for 2 hours of laughter and exercise. Many have not played before or did so many moons ago.

The group have not only honed their skills, but have improved their reflexes and used muscles they had forgotten existed.

The relaxed social environment has enabled these keen participants to compete in a light hearted manner and enjoy each other's company while gently exercising both their minds and bodies.

As the saying goes: "Use it or lose it!"

### Canasta

Canasta starts again for Term 3 on Friday 30 July from 1:30-3:30pm in Room MR2 and is played fortnightly.

In Term 2 some of our group started playing another version of canasta called samba which introduces a couple of variations. (Yes, some of us have been caught humming along to a samba tune!). This is a three pack card game that can be played with 2, 3, 4, 5 or even 6 players!

Thanks to our committee for providing new card packs. Canasta is a great game to keep the mind active and we enjoy banter while we try to outwit the opposition team.

More players are welcome to join us (new or experienced).

We look forward to melding with you!

*Kristina Barnett*

### Chinese Language and Culture

Chinese Language and Culture members attended a presentation demonstrating the art of Chinese paper cutting at the Confucius Institute at Adelaide University. They also learned interesting information about wedding traditions. This was followed by a fun hands-on paper cutting session.

*Jo Kemp*

### Craft Group

*Left: Crafters Jan and Marilyn with their tiny creations for Tiny Treasures.*

Lifestyle staff at Paradise Resthaven Aged Care facility reached out to local crafters to support their Knit-a-thon for the Life's Little Treasures Foundation who provide support and assistance to families with premature and sick babies.

U3A Inner North Craft Group participated in the Knit-a-thon held 1-31 May and Jan and Marilyn's beautiful knitting, in the name of U3A Inner North, was gratefully received by Paradise Resthaven.

The Craft Group would love some new members. Come and share your ideas and skills, or come along to learn skills and enjoy socialising.

*Jude Hennig*

*Delightful follow-on: A person Jan knows works at a Medical Training Centre. Part of that training requires handling life-like models of premature babies. When this person saw Jan's work she "commissioned" her to make non-gender specific clothing for the model preemie babies to make handling them more real-to-life for the students.*

### Beginners French

Beginners French is held weekly on Wednesday at 1pm. The group enjoys good community spirit and happy learning!

Despite the differences in levels, we've made good progress together and enjoyed ourselves thoroughly in the process.

### Wednesday Book Group

Below: RSB Guide Dog Trainee, Honey, sitting quietly in her corner.

Wednesday Book Group meets on the third Wednesday of the month. The lively and varied group of readers recently visited Mockingbird Café/ Book Shop for their June meeting. Our honorary member Honey, trainee Guide Dog, is a regular and well behaved member of the group!

We held a fantastic discussion of an Aussie novel *Jasper Jones*, followed by lunch and coffee.

Next month we move to 17th Century Amsterdam for *The Miniaturist*.

There are currently 2 spots available for new members. Anyone interested can enrol online, or ask for Karen to give them a call to discuss and answer any questions they may have.

### Birds

Our fledgling Birds group started meeting in term 2 on Thursday mornings at ECC.

Thus far we have had two introductory talks with more to come next term. Some of the group have even left the nest to go exploring.

The first field trip was a flying visit to the wilds of Pooraka where we saw 21 different birds species before the rain started. We recuperated in a nearby coffee shop.

On the second trip we ducked into the St Peters Billabong where we got some wonderful close-up views of a little Pied Cormorant and some Australasian Grebes. A little bird told us there was a coffee shop around the corner so we checked it out...

There's a lot to be said for a field trip. You get to enjoy the peace of nature, and you get fresh air and exercise while you discover new feathered friends, thereby killing several birds with one stone. Using binoculars adds to the experience, as you can appreciate the colours and finer details of birds often taken for granted.

During U3A holidays expect to find us visiting Laratinga, the wonderful wetland at Mt Barker, as happy as larks as we continue to be amazed by the variety and beauty of SA's birds.

### Craft Beer Enthusiasts

The group is continuing to grow their knowledge and analytical skills pertaining to a range of craft beers.

Members have met at various locations, with the next session to be held at The Little Bang Brewery, Stepney.

This is an all male group and discussion ranges from the types of beer, sport and current events to men's health, in a safe and supportive environment.

### Water Colour Classes

In term 2 we studied painting "Flowers", "Ink and Wash" and "Spontaneous Landscape painting". Everyone enjoyed the freedom to be creative with the spontaneous exercise.

Our fortnightly challenges continue. Each person takes a turn at sourcing a topic. Topics have been varied and creative which everyone has enjoyed.

Exhibition notice: the 22<sup>nd</sup> Prospect Community Art Show is being held in the Newmarch Gallery, Prospect Road from 25 July-22 August 2021. I am excited to let you know Jo Kemp and I will be exhibiting work in the Art Show.

Feedback from one of the class participant:

*Having recently become disabled and socially isolated in my senior years I am really grateful to U3A for providing me with an outlet for my art interests.*

*I returned to watercolour painting after a three-year absence and was fortunate to join Vonney's delightful group. In this past term I have been challenged to paint things that I have never attempted previously.*

*My thanks to Vonney for providing such an interesting class.*

### Circle Dancing

#### Meet the Dynamic Duo

*Lyn Porter was one of the original facilitators when U3A Prospect started up in the Prospect RSL building in 2018 and has remained through the moves to Broadview then to Enfield as U3A Inner North. Heather Purcell has been a long-time devotee to folk dancing and more recently Circle Dancing. Since retiring in 2020 Heather has been able to be more involved in our Circle Dancing group.*

*Lyn Porter (facilitator) & Heather Purcell (assistant & Covid Marshall)*

#### About the Group

*Above: Jill & Lorraine are unconcerned about the Blue Monster keeping its eye on them while Jill leads our "warm-up" dance.*

We're an open, friendly, enthusiastic group who enjoy dancing and each other's company. There is always a buzz in the room during dancing interludes and a few people remain behind after class to chat more in the hallways and carpark. Visitors are most welcome & potential U3A members are encouraged to try us out first before enrolling.

Consistent core numbers and thorough teaching of all dances each week allow for flexibility in individual attendances. Dancers are able to take time out for various reasons and slot back into the class upon their return. The weekly dance programs are unique so there is no chance of getting bored and are designed to meet the needs and preferences of the group.

#### Circle Dancing Origins

Circle Dancing is almost half a century old and had its beginnings in Findhorn in northern Scotland. It has since spread to embrace all of the UK and the rest of the world with many proponents of the modern form being based in South America.

It differs from traditional folk dancing in that the dance is kept simple enough for the average person to learn and enjoy in one session.

Circle Dancing has taken the basic folk dancing steps - walking, swaying, rocking, step touches, grapevines etc - and put them to a variety of music including traditional, classical, reggae, pop, rock, country. Simplified forms of some traditional folk dances remain plus a variety of choreographed dances.

The 6th World Circle Dance Day was celebrated around the world on 11 July 2021.

### Winter Solstice Hills Adventure

A dozen of U3A Inner North Circle Dance members attended an end of Term 2 Winter Solstice Celebration hosted by U3A Adelaide Hills Mt Barker on 22 June at Mt Barker Town Hall.

Here is a compilation of attendee comments.

*Above: U3A Inner North Circle Dancers at the Winter Solstice Dance Celebration at Mt Barker campus.*

*From left: Pauline, Olwyn, Lyn, Heather, Melanie, Kathy, Golda & Lynnell*

*We were warmly welcomed and shared an amazing Winter Solstice experience with more than 50 U3A dancers from Inner North, Campbelltown, Adelaide Hills – Mt Barker and Crafers, plus their friends.*

*One of the highlights was the visitors' thank you dance taught by Lyn Porter and performed by the guests in a circle around the hosting group to express our gratitude and heartfelt thanks*

*A lovely drive into the hills, a warm welcome, the dancing was fun, and the decoration of the hall was just right to bring that solstice feel to the day.*

*To top off a memorable morning, Heather had booked lunch for us at the pub next door providing an opportunity to get to know the others a little better.*

*A delightful ending to a happy day.*

*Many thanks to Lyn & Heather.*

### SASSY

Masked up and ready to go, members of SASSY braved the cold weather (11 degrees felt like 6) and enthusiastically took on the challenge of learning the technique of spray painting to create a vibrant mural with a positive ageing message "Grow Bolder, Not Older".

When finished the mural will be displayed along the front fence on Regency Road.

### Tutor Reports

**Tell Me What You Think** is a current affairs discussion group. Members choose topics together and each fortnight someone takes responsibility for leading the discussion.

For example, topics discussed in semester 1 this year have included:

- ⇒ Should the Olympics go ahead this year?
- ⇒ Does SA need industrial manslaughter laws?
- ⇒ Should we re-think the Order of Australia?
- ⇒ Mars and Beyond?
- ⇒ Ending the Rape Culture
- ⇒ The Role of Assistance Dogs
- ⇒ Customary law vs Settler law – How do they work together?
- ⇒ Does SA need longer shopping hours?
- ⇒ Should we have Voluntary Assisted Dying in SA?
- ⇒ Retirement villages & the Federal policy of enabling older people to stay in their own homes

As you can see the variety of subjects is varied. Why not join the group and share topics that interest you.

We would love to welcome new members to the group.

The Group currently meets fortnightly.

*David Kilner*

**Out and About** held 4 activities in term 2. Neil Rossiter led a tour of the Prospect Air Raid Shelter, Angy Henn conducted 2 walking tours of Port Adelaide, and Linda Christy led a heritage tour of West Terrace Cemetery.

The outings proved to be very popular and as coordinator of the program, I would like to acknowledge the many hours of research and planning each of the tour leaders put into their preparation for their particular outings.

The next Out & About activity was to be a visit the Adelaide Town Hall on 26 July. Unfortunately the tour has been cancelled. These tours are not being offered at the moment due to the ongoing health restrictions.

*Janet Bradshaw*

**Guest Speaker Series** presenters in term 2 covered a RAA Driving Quiz in May and the Royal Doctors Flying Service in June.

Join **Peter Jolly** for **The Joy of Flight** on **Tuesday 20 July at 1,30pm** and share his experiences and love of flight. There are still places available. Enrol now!!

In term 2 we travelled to parts of the Chateaux in France, cruised the Russian Waterways, visited the frontiers of Alaska (by a variety of travelling options) and did some extensive touring on the Swiss Railways. A big thank you to all the presenters for sharing their experiences.

With the opening of Australia and New Zealand borders some of the group have booked holidays (local and overseas). We look forward to their return and subsequent discussions with the group.

**Murder Mystery Book Group (MMBG)** meets on the 1<sup>st</sup> Tuesday of each month including in term breaks.

The books discussed so far this year have been *The Mother-in-Law* (Sally Hepworth); *The Survivors* (Jane Harper); *The Family Upstairs* (Lisa Jewell); *The End of Her* (Shari Lapena); *Stillhouse Lake* (Rachel Caine) and *The Devil Inside* (DL Hicks).

There's always a lively discussion from a series of presented questions. The views are varied which makes for an entertaining afternoon.

## HONEY UPDATE

Over the past year Honey, RSB Guide Dog trainee, has become a familiar sight at U3A. Now comes the most difficult part of being a Puppy Educator. It is time for Honey to leave me. She has been chosen to become a breeder.

Thank you everyone at U3A Inner North. Bringing her to classes, meetings etc has been a valuable part of her training.

Keep your eyes out for the next little trainee who will be attending U3A in the near future.
